

ART + ACTIVISM Free Workshop!

ARTIVISM

for Social Justice Change

Join us for a great chance to learn about #artivism and make a community drawing poster with the international artist Nanzi Muro. You don't even need to know anything about art or how to draw. You only need an open mind and a strong desire to use art to fight for social justice. This workshop has been made possible thanks to the CRC 1369 cultures of vigilance at LMU Munich.
